## DETAILED ACTION

### *Request for Continued Examination*

Receipt is acknowledged of a request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e) and a submission, filed on 1/25/05. However, the amendment contained with this request cancelled all pending claims, drawn to one invention, and added claims, drawn to another invention pursued by Applicants in other applications. Applicants own pursuit of this invention in other applications is interpreted as an admission of Applicant's understanding that these are separate inventions.

In accordance with 37 CFR 1.114 (rules governing Request for Continued Examination), and MPEP 706.07, 37 CFR 1.145 states, "If, after an office action on an application, the applicant presents claims directed to an invention distinct from and independent of the invention previously claimed, the applicant will be required to restrict the claims to the invention previously claimed if the amendment is entered, subject to reconsideration and review as provided by 1.143 and 1.144".

Furthermore, Examiner notes that this filed amendment may not be entered as a matter of right (MPEP 706.07(h)(VI) (B)). Applicant has therefore cancelled all claims drawn to the invention of this Application and therefore no claims can be acted upon at this time.

The amendment filed on 1/25/05 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because the elected invention is drawn toward a method of forming very specific platform molecules comprising the structure associated in claim 1 whereas claim 142 is drawn toward a method of providing specific rings

and functional groups which would not form the molecule noted in the formula of claim 1 unless under the most specific of circumstances. The claims as newly presented are most similar to those of Applicants' application to 10/057,548.

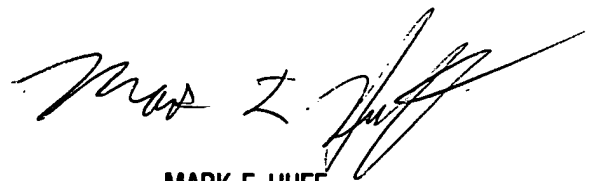

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
